WILDMOVEMENTS IN STEEL SHARES

Trading Grows Tumultuous on Stock Exchange as Interest Centers in War Affected Issues.

New York, Sept. 29.—The movement in steel and steel shares which embraced over the more obscure issues, together with equipments and semi-war shares, was the widest and strongest since last year's rise in the more distinctive munitions.

Today's average of prices was in prominent instances well over that of 1915, with additional new records. Profit taking proved irresistible later. Republic Steel, for example, yielding its gain of almost two points with material recessions from two to four point advances elsewhere. Ralls, especially Union Pacific and coalers, became active and strong at midday. Bonds were strong.

MEET TO ASK FOR AN EMBARGO ON WHEAT

Chicago, Sept. 29.—A meeting called for the purpose of asking the federal government to place an embargo on the export of wheat, owing to the short crop, which is said to be partly responsible for the recent advance of bakers' bread to six cents a loaf, will be held this afternoon.

Among the speakers on the program are former Senator William E. Mason and Paul Schulze, a prominent baker.

FAVOR STUDYING OF FAR EAST QUESTION

New York, Sept. 29.—The appointment by the president or congress of a commission to study the relations of America with Japan and China is advocated by a group of 40 American missionaries from China and Japan as the result of a conference held here. The meeting was arranged by the World Alliance for promoting international friendship through the churches and by the federal council of churches. It was voted also, according to an announcement today, to ask the United States government to invite the governments of China and Japan to appoint similar commissions to confer with the proposed American commissions.

BANKERS SEE PEACE AT LEAST YEAR OFF

Topeka, Kas., Sept. 29.—American bankers see no prospect of peace in Europe in less than a year. Frank A. Vanderlip of New York told representatives of Kansas financial institutions at a dinner here last night. Discussing the position of the United States after the war, he said business men of the nation must turn to foreign trade to save themselves in the fierce competition that is certain to result and to retain the prosperity the war has brought about. He said the war has developed greater efficiency in manufacturing lines in foreign countries. Russia and South America were pointed out as the best territory for American trade expansion.

Is Prohib and Moose Nomine. Jefferson City, Mo., Sept. 29.—Joseph Fontenot of Kansas City, has been named as the prohibition nominee for governor, following a meeting of the state committee of that party. Mr. Fontenot also is the progressive nominee for governor.

Scarcity of Offerings Carries Quotations to the Highest Prices of the Present Season.

Chicago, Sept. 29.—Scarcity of offerings carried the wheat market today to the highest prices yet this season. The September delivery was especially difficult to buy. Opening prices which ranged from 1/2 to 1/4 higher, with December at 1/2 to 1/4 higher, and May at 1/2 to 1/4 higher, were followed by sharp further gains and then something of a reaction.

Late in the session a decided setback in values took place as a result of heavy profit taking by longs. The close was weak, 3/4 to 1c net lower with December at 1/4 and May, 1/2.

Corn rose with wheat. On the bulge, however, sellers became numerous. After opening a shade to 3/4 higher, the market hardened a little further but then tended to sag.

Subsequently prices eased off when wheat turned weak. The close was steady, 3/4 off to 1/4 up as compared with yesterday's finish.

In oats the strength of other grain was the governing factor. Demand though, did not seem urgent.

Provisions averaged a little lower with hogs. Trade was light. Chicago Grain.
